11 July 1999

Ref.: Docket #98N-1038

I am very concerned that the FDA is looking into the possibility of allowing labeling of irradiated food to expire. Both, the label and the radura symbol should not expire. I strongly support the prominent labeling on irradiated food, and oppose misleading labels such as electronic pasteurization or cold pasteurization.

Thank you for your attention to this so very important matter.

Sincerely,

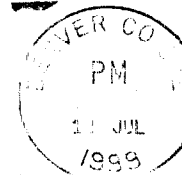

Ingeborg Buckley
